has a pleasant account of a visit recently paid by Acting Governor Stanton to the citizens of Lawrence. After partaking of the hospitalities kindly extended to him by Governor Robinson, he addressed, by request, a crowd of some five hundred free State men, who did not hestitate to manifest disapprobation at such portions of the speech as did not accord with their peculiar political views. At the close of Mr. Stanton's speech he pictured in glowing language th Indian tradition of Hiawatha of the "Peace Pipe," "shaped and fashioned" by "Gitche Manito, the Mighty," and by which he "called the tribes of Lutterloh For twenty years past the Democratic party in men together," and in his own language addressed

"I have given you lands to hunt in, I have given you streams to fish in, I have given you bear and bison, I have given you roe and raindeer, I have given you brant and beaver ; Fill'd the marshes full of wild-fowl Fill'd the river full of fishes; Why, then, are you not contented ? Why, then, will you hunt each other ? I am weary of your quarrels, Weary of your wars and bloodshed, Weary of your prayers for vengeance, Of your wranglings and dissensions; All your strength is in your union, All your danger is in discord;

Therefore, be at peace henceforward. And, as brothers, live together."

"The applicability of the quotation" (says the Lecompton Union) "was felt by the crowd, and involuntary applause burst forth from those who had murmured but a moment before."

Perhaps 'twould be well to speak of her keeping, With what ease to the will of her master she's bent, Like the steed of the Arab, she does all sleeping Along with her owner in the very same tent. REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING MAY 21ST, 1857.

TURPENTINE-Has been in active demand throughout the week, and the market ruled steady at last week's quotations good demand for this article to-day, based upon the favor-up to Monday, when an advance was obtained of 15 cents on able advices received from abroad. The sales reached fully virgin, and 5 cents on yellow dip and hard. The receipts continue exceedingly light, not being sufficient for the demand from distillers, and are principally of the old crop .--We quote at \$4 15 for new virgin, \$2 70 for yellow dip, and \$8,50 to 9,00. Candels—18 cents per lb. Iron—6 to 7 cents.

The week's receipts and sales foot up only 1,630 bbls., viz: Thursday. 60. \$4 00. \$2 65. 1 65 2,00. Linseed, 110 to 125. Pork, Mess, \$26,00 to 27,00.— Friday. 90. 4 00. 2 65. 1 65 Prime \$23,00. GRAIN-For Coan there has existed a steady demand, and under the favorable advices received from other markets, rates have gone up 8 cents over highest quotation of last week. The receipts since our last have been small, and the stock in dealers hands is light Receipts comprise only 3,-785 bushels, of which 3,000 do. were taken at 90 cents per bushel, and the balance on private terms, which we have

been unable to get at. The above figure, however, may be considered as the ruling price, at which the market is firm, with a moderate demand from dealers.—OATS—The supply in dealers hands is fully fair for present purposes, as supply in dealers hands is fully fair for present purposes, as we notice merely a retail demand existing. A lot of 185 bushels received, and sold on terms not transpired—believed at 65 cents. We quote nominally at 58 to 60 cents per bushel, as in quantity and quality.—PEAS—The receipts for several weeks past have been confined to small lots of Cow, and there are very few if any other kind on market. HAY-The receipts of Northern have been meagre for several weeks past, and in consequence the stock on market has become materially reduced. There is more enquiry from dealers, and prices have an upward tendency. We learn that some 200 bales have been sold to arrive at \$1 25 per 100 lbs. No Eastern on market, and wanted. See table. Lime-Since our last we note the receipt by a dealer of a cargo of 1500 casks, which is selling at \$1 35 a \$1 40 per

cask, in lots to suit. Our lowest figures in table are for cargo rates.

Molasses—Cuba is in light stock, and the advance in other markets has caused holders here to advance 2 cents over last week's quotations. No receipts. We notice sales of former arrivals from wharf at 54 cents in lots, and 55 cents per gallon for single hhd. Potatoes-No Irish on market, and we note a fair demand.

Quotations in table are merely nominal. Provisions-Bacon-In the market for N. C. cured we have no change to make on last week's quotations. The supply on market at present is fully fair, and the high rates have somewhat checked operations, as retailers seem disposed to purchase not more than is sufficient for their immediate wants. In consequence of above fact, sales of only a few small lots have been made at 15 cents for hog round, and 16 cents per lb. for hams. In Western cured we also note but little doing, and prices remain about the same; stock light, and limited receipts. We quote sales at 12 a 124 cents for shoulders, and 132 a 14 cents per lb. for sides, as in quantity.——LARD—Continues to be brought in very sparingly, and there is none remaining in first hands.
